The purpose of YueCheng Education (YCE) is to provide a future-oriented education for the children of Chinese and expatriate families living in Beijing. Founded on a passion to challenge and empower young people to live fulfilling and productive lives, YCE opened Beijing City International School (www.bcis.cn) in 2005. With the support of the YueCheng Educational Research Institute (YERI), this innovative school has provided the bedrock for YCE to extend its not-for-profit services to a wider community. The Learning Frontier (www.learningfrontier.cn) provides specialist support for children with learning and developmental needs, and the Reading Frontier (www.readingfrontier.com) inspires in children a passion for reading for life. The Courtyard Kindergarten (www.yuechengkg.com) has open its doors in October 2019, and two further schools will be opened within the next three years. The strength of YCE lies in the quality of its international and Chinese staff, and the mutual support extended between the different but complementary institutions. YueCheng Education is an equal opportunity employer.
