BCIS Elementary School Counsellor

Beijing City International School, P. R. China

Mission

The BCIS Mission is to challenge and empower students to be compassionate and inspired people, who act for the good of all and for the sustainable development of the world.

General

Beijing City International School was opened in September 2005. It was established to provide an international education for the expatriate communities in Beijing, as well as, uniquely, offering education to the children of internationally-minded Chinese nationals. Beijing City International School (BCIS) is a private, not-for-profit institution governed by an appointed Board of Trustees. The school is funded by tuition fees.

The school boasts purpose-built, state-of-the-art facilities specifically designed to support our curriculum and progressive teaching and learning environment. This 51,000 square meters main campus sits on a plot of prime land in the heart of the CBD and within one kilometer of the China World Trade Centre. In 2014/2015 the Early Childhood Program (Toddler, Nursery, Pre- Kindergarten, and Kindergarten classes) transferred to a new purpose-built Early Childhood Center located approximately one kilometer from the flagship BCIS campus. This 21,000-square meter facility has been built to an extremely high standard (LEED Gold Standard) of environmental sustainability, in line with the school's mission. In 2019 the Courtyard Kindergarten campus opened featuring a unique campus design of ancient and modern, China and the world, which allows children to engage in inspiring, open and connected learning spaces.

We are an inclusive school that admits students who can benefit from our program and whose families are committed to our school values. The language of instruction is English. Older students must either be fluent in the English language or willing to develop fluency through the school's EAL (English as an Additional Language) program to gain admission to, or continue in, the school's program of studies.

BCIS is an International Baccalaureate (IB) World School which places a strong emphasis on personalized learning and academic rigor. We have aligned the Chinese National Curriculum with the BCIS curriculum and we are authorized to teach the IB Diploma, the IB Middle Years and the IB Primary Years Programmes. The IB curriculum frameworks stress the importance of inquiry and educating the whole child. In addition, in 2018 BCIS launched its own inquiry-based, two-year high school diploma, IDEATE, to further personalize learning for high school students. The school is accredited by CIS and WASC and is a member of the Council of International Schools (CIS), the East Asia Regional Council of Schools (EARCOS) and the Association of China and Mongolia International Schools (ACAMIS). The most recent strategic plan was collaboratively developed in the spring of 2022.

Current enrollment across the three campuses is approximately 1,400 students, with 500 children in the Elementary School.
