Early Childhood Center Principal Beijing City International School, P. R. China

Mission

The BCIS Mission is to challenge and empower students to be compassionate and inspired people, who act for the good of all and for the sustainable development of the world.

General

Beijing City International School was opened in September 2005. It was established to provide an international education for the expatriate communities in Beijing, as well as, uniquely, offering education to the children of internationally-minded Chinese nationals. Beijing City International School (BCIS) is a private, not-for-profit institution governed by an appointed Board of Trustees. The school is funded by tuition fees.

The school boasts purpose-built, state-of-the-art facilities specifically designed to support our curriculum and progressive teaching and learning environment. The 51,000 square meter main campus sits on of prime land in the heart of the CBD and within one kilometer of the China World Trade Centre. In 2014/2015 the Early Childhood Program (Toddler, Nursery, Pre-Kindergarten, and Kindergarten classes) transferred to a new purpose-built Early Childhood Center located approximately one kilometer from the flagship BCIS campus. This 21,000-square meter facility has been built to an extremely high standard (U.S. Green Building Council's LEED Gold Standard) of environmental sustainability, in line with the school's mission.

BCIS is an inclusive school that admits students who can benefit from our program and whose families are committed to our school mission. BCIS is an International Baccalaureate (IB) World School which places a strong emphasis on personalized learning and academic rigor. We have aligned the Chinese National Curriculum with the BCIS curriculum and we are authorized to teach the IB Diploma Programme in Grades 11 and 12, the IB Middle Years Programme in Grades 6 to 10 and the IB Primary Years Programme from Nursery to Grade 5. The IB programs stress the importance of inquiry and educating the whole child. The language of instruction is English. The school is accredited by CIS and WASC and is a member of the Council of International Schools (CIS), the East Asia Regional Council of Schools (EARCOS) and the Association of China and Mongolia International Schools (ACAMIS).

Current enrollment across the two campuses is 1,300 students, with approximately 350 children at the Early Childhood Center.

About the Early Childhood Center (ECC)

We are delighted to be hosting our children in our purpose-built LEED Gold Certified air filtered facility. Our beautiful campus allows us to create unique learning environments that encourage curiosity and support individual inquiry. The campus boasts generously sized and well-resourced classrooms, seven teaching kitchens, a triple-sized gym, an indoor gross-motor play space, an amazing early childhood library, a roof-top garden and beautifully landscaped outdoor learning spaces encouraging both environmental and sensory experiences.

At the ECC we follow the IB Primary Years Programme (PYP) curriculum framework and use play-based investigative pedagogy and student-centered inquiry as the vehicle for learning. We truly believe that young children learn best when they are engaged in authentic experiences and can interact freely with the environment, their peers and teachers to construct understanding and meaning. We place an emphasis on learning concepts, skills, attitudes and knowledge, and consider these early years to be of the utmost importance in preparing the children for a life of learning.

In addition, the ECC enjoys the ability to offer a collaborative intergenerational partnership between the Golden Heights retirement community and BCIS. Situated next door to the ECC campus, the retirement community is a member institute of the school's larger parent company, YueCheng group. Research points to the benefits afforded to both the youthful and the experienced through intergenerational relationships therefore the school warmly embraces this unique opportunity to foster connections that span a number of generations.

Children at the ECC range in age from two to six years old. We have four grades including toddler (two to three-year old's), nursery (three to four-year old's), prekindergarten (four to five-year old's) and kindergarten (five to six-year old's). The ECC leadership team consists of the ECC Principal, ECC Deputy Principal and Curriculum Coordinator. Each of the grade levels has a Team Leader who acts as a horizontal facilitator as well as vertical Team Leaders for the areas of Literacy, Chinese Studies, Sustainability and Activities. BCIS is a mission-driven school and these school leaders are empowered to move their teams forward.
