School and Community

Beijing City International School (BCIS) is a non-profit private school. With the approval of the Education Committee of Chaoyang District, Beijing, BCIS acts as a pilot school offering educational reform and innovation through international educational practices that incorporate 15 grades of schooling, from pre-school to Grade 12. The language of instruction at BCIS is English.

BCIS was founded in 2005 and has grown rapidly from a small elementary school to a comprehensive international school. The current enrollment of approximately 1,122 students is from 27 different nationalities. The largely expatriate faculty is mainly from the US, Canada, Australia and the UK as well as from a number of other countries and regions around the world.

BCIS is unique in that it is the first international school invested by a Chinese national, whose vision for the school sees BCIS as a bridge between China and the World. As a result the school is permitted to enroll students who hold passports from Mainland China. The school's Central Business District city location serves families who are employed by embassies, multinational corporations and other businesses.

Accreditation

With the approval of the Education Committee of Chaoyang District, based on creatively and authentically implementing the Chinese national curriculum, the school curriculum consists of Early Childhood, Primary Years Programme, Middle Years Programme and Diploma

Programme, all accredited and authorized by the International Baccalaureate Organization. The school is also accredited by the Council of International Schools (CIS) and the Western Association of Schools and Colleges (WASC). As a member of the East Asia Regional Council of Schools (EARCOS), the Association of China and Mongolia International Schools (ACAMIS), and the International Schools Athletic Conference, Beijing-Tianjin (ISAC), the school is an active participant in various activities among the member schools and communities.

School Calendar

BCIS operates a two-semester school year – August to December and January to June respectively for Semesters One and Two. There are over 180 school days in the teaching year.

School Curriculum

As an IB World School, BCIS offers all three IB programs that innovatively incorporate the requirements of the Chinese National Curriculum into the school program. In grade 11, students choose between two pathways towards achieving their BCIS High School Diploma: IB Diploma Programme (IBDP) and IDEATE Diploma program.

The IBDP is an internationally recognized, rigorous university preparation program, the graduates from which are keenly sought after by many prestigious universities around the world.

The IDEATE Diploma Program is a High School program that aims to empower students to thrive in an ever-changing world through rigorous courses, portfolios, experiences and projects.

Class Rank and GPA

Due to the transient nature of the BCIS student body and the diverse nature of their educational backgrounds, BCIS does not report class rank nor does BCIS calculate a 4-point GPA.

Graduation Requirements

BCIS offers the IB Diploma and IDEATE Diploma. Our Secondary School Diploma requirements include a total of 24 credits. These credits are distributed across the following areas: English (4 credits), Mathematics (3+ credits), Science (4+ credits), Humanities (3+ credits), Arts (2+ credits), Additional Language (2+ credits), Physical Education (2 credits), Electives (4 credits), and Community and Service.
